

## TO FILE APPEAL FROM JURY'S VERDICT SOON

**Becker Plans Fight to Annul Verdict of Jury Convicting Him of Murder.**  
**RETAINS HIS IRON NERVE**

**After Verdict He Sleeps Soundly, Eats Hearty Breakfast and Appears Refreshed.**

## MRS. BECKER CALLS AT TOMBS

NEW YORK, Oct. 25.—Police Lieut. Charles Becker, in the Tombs today, planned his fight to annul the verdict of the jury which last night convicted him of the murder of Herman Rosenthal.

Becker has lost none of his iron nerve which bore him through the trial and the verdict of guilty. If his appearance and actions today counted for anything, he awoke refreshed from a sound sleep and after a hearty breakfast, summoned his chief attorney, John F. McIntyre.

They conferred for more than an hour and later Mr. McIntyre announced that immediate notice of appeal from the verdict would be filed. Without this appeal Becker, who is due to be sentenced next Wednesday would, if the usual procedure were followed, take his seat in the electric chair the first week in December. Filing notice of appeal, however, will act as a stay.

## Expect to Reverse Verdict.

"I don't mind saying that we expect a reversal," Becker's attorney announced. "The appeal will be on the grounds that the verdict was against the weight of evidence; that the justice's charge was of a nature to injure the chances of the defendant; upon the justice's failure to rule that Sam Schepps was an accomplice in the murder, and upon the error of law in the refusal of the justice to allow testimony submitted by the defense to go in the record."

Becker's wife visited him in the afternoon and the meeting marked the one moment since the prisoner was indicted when he seemed on the verge of breaking down.

"Either Whitey Louis," of "Lefty Louie" will be the next of the seven men indicted for the murder to be placed on trial November 7th, District Attorney Whitman announced tonight. Meanwhile Jack Rose, "Bridge" Webber, Harry Vallon and Sam Schepps, the four informers, will be kept in the West Side prison.

Schepps whose attitude toward his incarceration thus far has been one of the complete docility, today protested to the district attorney that he had been "in jail long enough" and his counsel, who said that he would take legal action to obtain his client's release. Schepps is due to be arranged Monday on the vagrancy charge under which he was confined, and it was reported tonight that the district attorney would ask that he be held under \$25,000 bail. Rose, also is anxious for his release.

"What these informers want now is not bail," said District Attorney Whitman tonight, "but extra iron doors on their cells so they'll feel safe."

## Shapiro May Confess.

New York, Oct. 25.—Reports that William Shapiro, driver of the "murder car," given courage by the result of the Becker trial, had decided to make a complete confession, were current tonight. Shapiro, undersized, is ready to sign or already has signed an affidavit in which he gives the names of the men or men who did the actual killing of Rosenthal.

## BRYAN DISCUSSES CAMPAIGN FUNDS

Nebraska Campaigns Michigan in Behalf of Woodrow Wilson—Will Speak in Chicago Today.

Detroit, Mich., Oct. 25.—William J. Bryan, campaigning in behalf of Governor Woodrow Wilson's candidacy, today discussed campaign contributions, criticized the presidential candidates of the opposing parties and treated the Republican national convention humorously. In several cities he said the treasurer of the Democratic national committee had informed him that the contribution of \$12,500 which Cyrus H. McCormick of Chicago had made to Governor Wilson's campaign had been returned. He referred to Mr. McCormick's connection with the International Harvester company and said that despite the fact Mr. McCormick was a college mate and life-long friend of Governor Wilson the contribution had been refused on the ground that its acceptance might cause political opponents to charge that the Wilson campaign had become indebted to persons or concerns involved in government litigation.

From here Mr. Bryan goes to Chicago where he makes several speeches tomorrow.

## DEMOCRATIC FUND STATEMENT FILED

**CONTRIBUTIONS TO WILSON'S FUND TOTALLED \$678,364**

Statement Shows Expenditures \$562,618.21—Outstanding Obligations \$55,149—Republican Statement To Be Filed Today.

WASHINGTON, Oct. 25.—Contributions to the presidential campaign fund of the Democratic party this year totalled \$678,364, according to the sworn statement of Treasurer Rolla C. Wells of St. Louis, filed with the chief clerk of the house of representatives today. Expenditures aggregating \$562,618.21, including \$120,000 sent to Chicago from the headquarters at New York. There are outstanding obligations of \$55,149.

The Republican statement of contributions will be filed tomorrow, the last day under the law. The Progressive party filed its statement yesterday, showing contributions of \$204,244, expenditures of \$232,341 and outstanding obligations amounting to \$41,341.

All told 53,303 contributions were received by Mr. Wells, and of these \$2,246 were for amounts of \$100 or less. Governor Woodrow Wilson gave \$500.

Herman Ridder of New York as treasurer of the national committee turned over \$28,825 as the surplus of the Baltimore convention. Judge J. W. Gerard of New York was the largest individual contributor with \$12,000. Charles R. Crane of Chicago, and Jacob H. Schiff of New York each contributed \$10,000. Samuel Untermyer, of New York, also gave \$10,000, as did Frederick C. Penfield of Germantown, Pa., and Henry Goldman and Henry Morgenthau of New York.

Among those who contributed \$5,000 were Rolla C. Wells of St. Louis, treasurer of the committee; Roger C. Sullivan of Chicago, Nathan Straus of New York and former Senator Clark of Montana.

Other contributors were Mayor Carter Harrison of Chicago \$200, and Dr. John B. Murphy of Chicago, who recently attended Colonel Theodore Roosevelt in that city \$100.

The statement shows that the chief items of expenditures were for printing, postage, newspaper advertising, salaries and traveling expenses of speakers and the presidential nominee.

## MURDER SAID TO BE ACT OF VENGEANCE

Police Declare Woman Was Killed Because She Betrayed Secrets of White Slave Traffickers.

Bridgeport, Conn., Oct. 25.—Definite evidence has been secured by the police, detective Captain George H. Arnold said today, that the murder of Jennie Cavaglieri, the young Italian woman murdered near Stratford, after she had been taken there by five men of her nationality in an automobile from this city, was an act of vengeance executed upon her for having betrayed secrets of white slave traffickers.

Captain Arnold says the evidence shows that the manner of the woman's death was decided at a conference between the five men implicated held in the Italian quarters of the city Sunday night. At this conference the question was whether the woman should be slashed with the "squealer's mark" or put to death. The latter was determined upon.

According to Captain Arnold the five men came to Bridgeport under directions from certain men in the "white slave" traffic for the purpose of making away with the woman, because she had betrayed the organization code which provides disfigurement or death for its violation.

Investigation of the case, Captain Arnold declares, so far has failed to reveal the identity of the woman. There is every indication, however, he says that she is closely connected with the "white slave" traffic in New York, New Haven and Chicago. Some of the evidence collected tends to show a direct connection between the shooting and "vice crusade" in Chicago, and that the woman's death was decreed by the "National Organization" of "White Slave" traders.

## NEGROES GETS LIFE SENTENCE

LaFayette, La., Oct. 25.—The negroes, Clementine Barnabet, who, in a period of several months butchered nineteen persons with an axe, each as they slept, was convicted here today and sentenced to life imprisonment. She was found guilty of killing the wife of Herbert Randall. All her victims were negroes. What disposition will be made of the other cases is not known.

## DANIELS MAKES GOOD SHOWING

Quincy, Ill., Oct. 25.—Ad Wolgast, the world's light-weight champion, and Fred Daniels of St. Joseph, Mo., fought six rounds to a draw here tonight. Wolgast did not extend himself at any time during the bout but was given back as good as he delivered at all times. Daniels' showing was a big surprise to the spectators.

## BULGARIANS REST AFTER HARD BATTLE

**Turks Escape Heavy Losses By Effecting a Retreat at Kirk-Killessah**

## ALLIANCE OF BALKANS

**States Have Agreed That No One State Shall Conclude Peace Without Others.**

## REFUGEES LEAVE FRONTIER

LONDON, Oct. 26.—After a four days of heavy battle the Bulgarians are resting. There were no reports of fighting today along the line from Kirk-Killessah to Adrianople. The Bulgarians have not yet decided whether they will attempt to capture Adrianople by assault or to starve out its garrison by siege. The full extent of Turkish disaster at Kirk-Killessah is still unknown but it is almost certain that the bulk of the garrison there effected a retreat before the town fell into the hands of the Bulgarians.

The early capture of Kirk-Killessah was a great surprise even to Bulgarian staff officers and their allies and the swift progress of the war was unexpected by Europe generally. It has been only nine days since Turkey declared war and yet events have marched to the point where the possibility of intervention by the powers already is talked of.

Alliance of Balkan States.

Much interest centers in the nature of the alliance of the Balkan states.

It is said on good authority that one of the provisions of that alliance is that no one state shall conclude peace with the others agreeing to do so.

Next in importance to the operations in Thrace, is the struggle between the Turks and the Servians in the Kumanovo region. Constantinople at last admits the success of the Servian arms. The Servians yesterday captured two towns, Vuchitrin and Gllan, on the road between Mitroviza and Vranja.

The Montenegrins are pressing their attack on Scutari. It is reported that the Turkish garrison at Scutari has retired to the heights of Zadrina, south of the town. This action is interpreted as a preparation to evacuate Scutari.

The Greeks are continuing their northward march today, and occupied Kosani, about twelve miles northwest of the town of Servia.

Turks Fought Doggedly.

Sofia, Oct. 25.—Accounts of the fall of Kirk-Killessah received here said the Turks fought doggedly, repeatedly repulsing the Bulgarians, who, however, always returned to the charge. The Turkish losses were over 2,000 killed and 2,000 prisoners taken.

It is now stated that it was Ahmed, a son of Mahmud Mukhtar Pasha, commander of the Turkish forces at Kirk-Killessah, and not a son of Ghazi Mukhtar Pasha, the grand vizier, who was captured.

It also is stated that the Turkish columns fled south and east, pursued by the Bulgarians, fighting their rear guard actions as far as Viza on the east and Babuski on the south.

King Ferdinand has sent a stirring message to the troops, praising the dash and gallantry they exhibited in their attack on Kirk-Killessah. Final Attack Lost Thirty Hours.

London, Oct. 25.—The final attack by the Bulgarians on Kirk-Killessah lasted thirty hours, according to a special despatch from Stara Zagora. It culminated in a bayonet charge before which the Turks retreated to the east in the direction of a column of Bulgarian troops advancing from the Viza road.

Another special despatch says the Bulgarians were repulsed when they attacked Maras at the junction of the rivers, Maritza and Arda, opposite Adrianople. The losses of both armies were enormous. A large number of Turkish officers fell.

All inhabitants of Adrianople not supplied with two months food have been advised to leave the city.

The league of Balkan states is based on a formal written alliance according to a despatch from Vienna. When this is made public it is expected to reveal the territorial aims of the Balkan nations. The secret treaty defines the zones of influence to the respective countries in Albania and Macedonia and provides for a common tariff and postal union between the Balkan nations.

## According to the "Outlook."

The alliance of the Balkan kings far exceeds the status of a military combination for the immediate object in view, according to the Outlook, which claims to have special information that it is a permanent federation intended to exclude all external authority from the Balkan peninsula.

The king of Greece, according to the Outlook will become president of the alliance on the nomination of King Nicholas of Montenegro. The religious rivalry and of Balkan Christians will be ended by uniting the orthodox churches of Greece, Bulgaria, Servia and Montenegro, as in ancient times under the Patriarch of Constantinople, who is (Continued on Page Four)

## MOTHER ON TRIAL FOR SON'S DEATH

**BOY DIES WITH SYMPTOMS OF ARSENICAL POISONING**

Physicians State That If Arthur Lindloff Had Been Removed To A Hospital As Advised He Would Have Had A Chance Of Recovery.

CHICAGO, Oct. 25.—Testimony that Arthur Lindloff died with symptoms resembling arsenical poisoning was given today by two physicians in the criminal court in the trial of Mrs. Louis Lindloff, on the charge of murdering her son.

Dr. A. S. Warner and Dr. Joseph L. Miller, witnesses for the state, so testified.

Dr. Miller said that he advised Mrs. Lindloff to take the boy to a hospital for treatment to avoid suspicion, which he told her, he said, might be directed against her.

"Would Arthur have had a fair chance of recovery if he had been taken to a hospital," Dr. Miller was asked.

"I think he might have got well if no more poison had been administered," was the reply.

The defense met its first defeat when Judge Windes ruled that Prosecuting Attorney C. F. Smith might be allowed to refer in his opening statement to the deaths of Julius Graunke, Frieda Graunke, William Lindloff predicted the dates of the Arthur, other members of the family alleged by the prosecution to have met deaths.

Dr. Warner testified that Mrs. Lindloff predicted the dates of the deaths of both Arthur and sister Alma.

"I attended William, Arthur and Alma Lindloff in their last illness," said Dr. Warner. "Their symptoms were about the same. Dr. Miller and I agreed that Arthur was being poisoned. I believe the boy would have lived if he had not taken more poison into his system after that."

"On the Sunday before his death Mrs. Lindloff predicted that Arthur would die on the following Wednesday which he did. She said at the time that he had a arsenical poisoning."

Dr. Warner admitted that he had suggested to Mrs. Lindloff that Arthur might have been poisoned by the wall paper in his room. He also said that he had prescribed a poisonous ingredient in medicines for Alma and Arthur.

## FOOTBALL TEAMS IN SPOTLIGHT TODAY

Six Conference Teams Will Line Up In Today's Struggle for Football Supremacy.

Six conference football teams will take part in today's section of the 1912 championship race, with every indication pointing to spirited competition in each of the three major meetings. The western spotlight will be shared by the Chicago-Purdue game at Marshall Field and the Minnesota-Iowa affair at Minneapolis, while the Indiana-Northwestern contest at Bloomington will come in for mild interest.

Chicago and Minnesota must win their battles to continue their dash for the annual title and both of the leaders expect to be able to turn the trick.

Since Indiana and Northwestern are defeated teams, the outcome of the Hoosier tussel will be significant only in fixing the victor's final rank in the conference record.

Michigan's warfare against Syracuse at Syracuse will be the only inter-sectional clash and as such will attract a large amount of attention of its own. With three victories pocketed and Syracuse, Pennsylvania and Cornell all defeated teams to meet, Michigan apparently is all set for a triumphal march.

A student at Syracuse would spoil Coach Yea's only chance for glory, since his pupils do not play the leading western teams.

Princeton enthusiasts do not expect much trouble in dispersing Dartmouth at Princeton, but the meeting should be the warmest of the eastern battles. Yale should defeat Washington and Jefferson easily at New Haven, and Harvard should down Brown at Cambridge, while the Army and Navy teams seem to have the better of Colgate and Pittsburgh, respectively. Carlisle meets Georgetown at Washington.

Chicago in Final Practice.

Chicago, Oct. 25.—The University of Chicago football team this afternoon went through final practice in preparation for the game with Purdue here tomorrow.

Purdue will have the advantage in weight. The visitors average 179 10-11 pounds to 174 3-11 for Chicago and are five pounds heavier than Chicago in the line. The Purdue coaches rely heavily on the work of Oliphant, right half back; Street, left half, and Captain Hutchinson, quarterback.

## Gophers First Conference Game.

Minneapolis, Minn., Oct. 25.—Minnesota and Iowa eleven, which are to meet tomorrow in what will be the first conference game for the Gophers, had easy workouts here today. The locals at Northrup Field and the visitors at the state fair grounds. Neither team did any scrimmage work, signal practice being the order of the day.

## GUARD ESTABLISHED AT ROOSEVELT HOME

**Threatening Letters And Strangers Presence Cause Of Precautions Taken**

## COLONEL MUCH STRONGER

**Roosevelt Continues To Improve—May Speak In New York Next Wednesday Night.**

## WILL DO NO FURTHER WORK

OYSTER BAY, N. Y., Oct. 25.—A number of threatening letters received by Colonel Roosevelt, and the presence in Oyster Bay of a stranger who attempted today to make his way into the colonel's house, caused a guard to be established at the former president's home. A tentative decision was reached to engage one or two men to protect Colonel Roosevelt during the remainder of the campaign and for a time thereafter, if the candidate has not recovered sufficiently by election day to be able to defend himself.

Is Still Improving.

Colonel Roosevelt's condition continued to improve today and his physicians said he would be able to speak at the Madison Square Garden meeting in New York Wednesday night, if no unforeseen complication arises.

But they said that he would be unable to do any further campaigning.

The man who attempted to see Colonel Roosevelt arrived in Oyster Bay this afternoon and set out on foot for Sagamore Hill. He was met at the door by the colonel's secretary and insisted that he must see the ex-president, although told that no visitors were being received.

Westerner Arrives at Oyster Bay.

He was a tall man, well dressed with a flowing black moustache and a sombrero which gave him the appearance of a westerner. He would give no reason for asking to see the colonel but persisted in his demands until he was cut off sharply and told to leave Sagamore Hill. He then asked to see Mrs. Roosevelt. The colonel's secretary finally persuaded him that it was useless, and he went away.

There was nothing about the man's manner to suggest that he would attempt violence, and he was described by those who saw him as being apparently harmless.

## Writes Colonel Long Letter.

The stranger returned to the village and wrote a long, rambling letter to Colonel Roosevelt. Then he disappeared. No trace of him could be found in Oyster Bay tonight, and it was not known whether he had left.

The attempt on Colonel Roosevelt's life was said by Dr. George W. Fuller of Oyster Bay, one of the colonel's physicians, to have stirred up "cranks" and to be responsible for the letters which Colonel Roosevelt has received since his return to Oyster Bay. In some of them threats have been made against the colonel and it was decided that the danger of another attempt to assassinate him was sufficient to make it necessary to guard him.

The colonel's physicians wish to have him get out of doors as soon as possible, believing that he will be benefited greatly by doing so, but they are unwilling to risk the chance of another attack.

It is probable that he will be kept in the house until adequate protection has been provided.

Frank Tyree, United States marshal in West Virginia, is the man to whom the guarding of Col. Roosevelt would be entrusted if his services were available. Mr. Tyree is an old secret service man who was a member of President Roosevelt's personal guard.

Dr. Fuller received a letter of warning today from John A. Waldron, appointment clerk in the office of Governor Dix of Albany. Mr. Waldron wrote that a man who had attempted to force his way into Mercy hospital in Chicago while Colonel Roosevelt was there had been in Clinton prison during the Roosevelt administration and at that time had written a letter in which he had threatened to assassinate President Roosevelt. After examining Colonel Roosevelt's wound tonight his physicians issued this bulletin:

"Colonel Roosevelt is in good condition and his wound is progressing favorably but he will not be able to work or see visitors for some days. Unless some unforeseen complications should arise he will be able to speak for twenty or thirty minutes Wednesday night, but he must return to Oyster Bay and not attempt to campaign."

Colonel Roosevelt's only visitors today were George W. Perkins, Frank A. Munsey and William H. Hotchkiss, New York state Progressive chairman.

St. Petersburg, Oct. 25.—It was announced tonight that the Young Crown Prince had passed a good day. He slept three hours and his appetite was better than on previous days. His temperature this evening was 100.2 and pulse 122.

## POSTAL COST FOR YEAR IS ESTIMATED

**APPROPRIATION—NEEDED FOR POSTAL SERVICE \$283,803,760**

Expense Will Total Over Twelve Million Dollars More Than Cost Of Service For Current Fiscal Year—New Laws Cause Increase.

WASHINGTON, Oct. 25.—For the support of their postal service the people of the United States next year will pay \$283,803,760, far more than for any other branch of the government service. Estimates forwarded today to the treasury department by Postmaster General Hitchcock of appropriations necessary to the operation of the post office department during the fiscal year beginning July 1st, 1912, propose an increase of \$12,086,909 over the appropriations for the current fiscal year.

Mr. Hitchcock is the first cabinet officer to complete his estimates, which aggregate \$281,731,508 for the postal service at large, exclusive of \$2,014,260 for the department in Washington.

New Legislation Means Money.

Nearly \$10,000,000 of the increase will be required to put into effect the postal legislation enacted this year. It is estimated that \$7,240,000 will be needed for the parcels post system; \$1,350,000 to meet the conditions required under the new eight hour law, \$550,000 to provide for the reclassification of railway mail clerks and \$150,000 to establish the new village free delivery service. The largest item in the estimates is \$49,661,000 needed to pay the railroads for carrying the mails, an increase of \$2,205,000 of which \$1,685,000 will be required to meet additional expenses resulting from the estimates of the parcels post. For salaries in the railway mail service an estimate of \$24,739,650 was submitted or \$1,296,450 more than last year.

The amount estimated for postmasters' salaries is \$30,250,000, and for assistant postmasters, postoffice clerks and other post office employees, \$43,200,000, an increase in the two items of \$630,000.

For city delivery service \$24,380,000 is asked, representing an increase of \$2,107,825.

Mr. Hitchcock submits an estimate to maintain and extend the rural delivery service.

This service now covers over a million miles of rural and city routes, carrying the mails to the homes of twenty millions of people in the rural districts of the United States.

Adequate provision is made in the estimates to meet the normal growth of the postal savings system. There are now in operation more than 13,000 postal saving depositories and the deposits aggregate about \$28,000,000.

## ILLINOIS STUDENTS DENOUNCE RIOTING

Vigilante Committee of Students Is Formed—May Abandon Football For Rest of Season.

Champaign, Ill., Oct. 25.—A motion to abandon football at the University of Illinois for the rest of the season and the formation of a body of student vigilantes to suppress disorder among the undergraduates were developments today at a meeting of half the students at the university called to take steps against a repetition of the student riot several days ago.

Director of Athletics George Huff announced that a motion by one of its most prominent members to drop football was before the university senate. Football would be doomed by another such disturbance he declared.

Resolutions declaring that the university had been disgraced by the riot and pledging the students to aid the Champaign police when necessary, in quelling any future riot, were adopted.

Two students have been expelled and more are to suffer next Tuesday when the council of administration meets.

## LABEL SUIT IS FILED.

Marquette, Mich., Oct. 25.—Suits for \$10,000 for libel was filed today by a Detroit attorney acting for Theodore Roosevelt against George A. Newell, editor of the Iron Ore, of Ishpeming, Mich. It is charged that Newell printed an article characterizing Colonel Roosevelt as in temperate in the use of language and liquor.

## MUST CHANGE RULE.

Chicago, Oct. 25.—Sir Thomas Lipton in Chicago for a ten days visit among lake yachtsmen, declared here today that he would not challenge again for the American cup unless the rule is changed that requires the challenging yacht to cross the Atlantic under her own sails.

## WISCONSIN HALFBACK INJURED.

Madison, Wis., Oct. 25.—Van Riper, halfback for the University of Wisconsin football team, was injured in practice today. The right leg was wrenched during a scrimmage and he was unable to talk tonight. Coach Juneau says there is little hope that he will get into the game against Chicago.

## SECRETARY TURNS STATE'S EVIDENCE

**H. S. Hockin, a Defendant in "Dynamite Conspiracy" Trial, Is Informer.**

## IS IDENTIFIED BY FOUR

**Identified as Having Given Information Against His 44 Fellow Defendants.**

## TELLS DREW OF HIS DANGER

INDIANAPOLIS, IND., Oct. 25.—Herbert S. Hockin, a defendant in the "dynamite conspiracy" trial, who succeeded John J. McNamara, the dynamiter as secretary of the iron workers union, was identified by four witnesses today as having given information to the government against his forty-four fellow defendants.

Walter Drew of New York, counsel for the National Erectors' association, testified that Hockin had said:

"I know they've got me, but I don't want to be the only one." Drew said that during last winter's sessions of the federal grand jury, Hockin offered to give information but was told to "go to the district attorney and make a clean breast of it. He is the only person with authority to make promises."

Warns Drew of Danger.

"Hockin came to me several times and told me my life was in danger," said Drew. "He told me fellows on the Pacific coast, (naming Olat Tveitmoose and Ed. Nockles) were after me, and that I had better look out for a fellow named John Stevens of Chicago. He said he would warn me later when I might expect danger."

"Another time he came to my room at a club and in the presence of J. E. Foster, a detective, asked to let us have the key to the iron workers office so that we might put in a telephone device by which we would be able to at all times to record what President Frank M. Ryan and others said about the dynamiting. At first Hockin said, 'You know I've got too much brains to get mixed up with McNamara.' But when I replied: 'No you haven't any brains, but only a low cunning, and we've got the goods on you,' he weakened."

Back of Dynamiting.

Hockin is the man who Orrie McManigal put him in the dynamiting workers office when detectives visited business and who engineered many of the jobs blown up by McNamara and James B. McNamara. He is also accused by the government of having "double-crossed" the union officials.

Thomas F. Markey, a photographer, testified he saw Hockin visit the grand jury room with a bundle of papers and later saw him in the iron workers office when detectives visited it to secure photographs of letters. The witness testified that Hockin on one occasion said "I've got to get away from here before anyone sees me."

Charles Schmidt, a deputy United States marshal, also said Hockin had visited the federal building with papers.

Guy Caldwell, an elevator boy, identified Hockin as having visited Drew's room.

When attorneys objected to a request that Hockin stand up Judge A. B. Anderson said:

"Stand up Hockin. Its absurd to ask a jury to try a case without knowing whether the defendant is present."

Hockin then stood up.

G. T. Washburn, of Chicago testified about installing the telephone device in the iron workers headquarters. He said it was done before daylight last December, he and the detector walked through the office barefooted so as not to make noise. He said the door was unlocked by Detective Foster.

## DISMISSED FOR HAZING.

Washington, Oct. 25.—Walter J. Tigan of Illinois, a third year man at the Naval Academy at Annapolis, who was court martialled for having hazed a plebe by standing him on his head, was dismissed from the academy today by Secretary Meyer.

### FALLS HEIR TO HALF A MILLION DOLLARS

William Meyri of Lawton, Michigan  
is Found to be Heir to Huge  
Sum.

Kalamazoo, Mich., Oct. 25.—Running away from his home in Seuchick, Switzerland when 15 years old, and having heard from his parents but four times in the twenty years which have elapsed William Meyri has been located at Lawton, a village fifteen miles from here and notified that he is heir to more than half a million dollars.

Meyri came to this country twenty years ago, and assumed the name of Frank M. Remont. During his residence at Lawton he has become well-to-do.

"I do not need the money," said Meyri, "so much as I need my real name. I am glad for that reason that I have at last been located."

Meyri said tonight that he would go to Chicago for a conference with the Swiss consul.

#### STATE NEWS.

**Burning Peat Beds Choke Citizens**—The peat beds which two years ago threatened to smoke Joliet out of a comfortable existence, are again masses of smoldering vegetation. From more than a dozen places columns of smoke issue, spreading over the neighborhood with its nauseating odor, and extending its irritating volume cityward.

**Suffragettes and Dances Are Not Wanted**—Chicago's public schools have been turned over to the public for a variety of public gatherings, but the management committee of the board of education today drew the line on two requests for the halls. Suffragists desired to take up collections at meetings they proposed to hold, and their petition was refused. Teachers asked for the halls, in which they proposed to take dancing lessons, engaging their own tutors. This also was refused, lest some parents object, although the management committee said it was not opposed to its own membership.

**Aurora Company Dissolves**—The Aurora Sand and Gravel company, Aurora, today filed notice of dissolution with the secretary of state.

**150,000 Found in Poor Man's House**—An examination of the home of Benjamin Birkle, who died at Hoopston, at the age of 70, supposedly a poor man, revealed \$150,000 secreted in out-of-way places. A deed showing that he owned 1,000 acres in Vermilion and Ironquois counties was also discovered.

Birkle lived with his sister and three children. He had never confided to them that he was a man of wealth. After the funeral relatives cleaning the house discovered money hidden behind a clock, in the mattress, in old shoes and other places. It is estimated that the value of his estate is \$250,000. A will made a month ago bequeaths all the money and property to his sister.

**Lincoln Man Honored**—Emmett MacDonald, superintendent of the Lincoln Water & Light Co., was elected second vice president of the Illinois State Electrical association at the annual election.

**Third Typhoid Victim**—Adolph St. George, son of Stephen St. George of Chicago, the third inmate of the reformatory at Pontiac who has died there, of typhoid fever within the last ten days. N. H. Harker, a sanitary engineer, is making an investigation as to the cause of the epidemic under direction of Governor Deneen.

#### CONSULS IN THE MAKING.

How Applications Are Made and the Examinations That Follow.

Consuls are appointed by the president, with the advice and consent of the senate. A candidate desiring appointment to the consular service makes application for such appointment through the secretary of state on a form furnished by the state department. From among these applicants the president designates to take an examination those candidates who seem properly qualified for the service and who are not from states which already have more than their share of appointments in the service, so far as possible, being allowed appointments proportioned on the basis of population.

Naturally if the service needs men and but few candidates present themselves from states that are underrepresented some candidates from states overrepresented must also be designated for the examination. In making these designations politics is given no consideration, the service being now upon a strictly nonpartisan basis.

Then when the set time arrives the candidate presents himself at Washington and takes a written examination in international, maritime and commercial law, political and commercial geography, arithmetic, modern languages, French, German or Spanish; the natural, industrial and commercial resources and commerce of the United States, political economy, American history, government and institutions, and the modern history (since 1850) of Europe, South America and the far east.

To determine a candidate's business ability, alertness, general contemporary information and natural fitness for the service, including moral, mental and physical qualifications, character, address and general education and good command of English, he then takes an oral examination. All those candidates who receive a total mark of 80 per cent are then pronounced qualified for appointment, and their names go on the list of eligibles from which future appointments are made.

#### THE DOCTOR'S RIDE.

And Why, After Awhile, He Had the Car All to Himself.

A doctor, according to the story, saw late one night a fine automobile halted outside a cemetery. He hid behind a tree, for he suspected that body snatchers were at work, and, sure enough, in a few minutes he saw two ugly characters stagger from the cemetery carrying a body. They placed it upright in the automobile as though it were alive, propping it securely in the back seat, and then they hurried back to the cemetery to fill the violated grave again. The doctor in their absence lifted the body out of the automobile, hid it under a hedge and took its place himself.

Soon the scoundrels returned. One seated himself at the wheel, and the other fixed himself in the back seat beside the body, so as to support it. Then, in the darkness, they glided off. After awhile the man in the rear seat said in a rather awed tone, "This body seems mighty warm for a corpse." The chauffeur reached back his hand and touched it. "Don't it, though," he muttered, between perplexity and fear. Then the corpse, in deep, sepulchral tones, exclaimed, "Warm? Of course I'm warm! And if you had been where I've been for the last two days you'd be warm too!"

With loud yells of horror the body snatchers leaped from the automobile and fled. The doctor seized the wheel and drove it home. He has it, they say, still.—Exchange.

#### Half Mourning.

There are drawbacks even to being the wife of a wealthy man, as Mrs. Millyms found out. Although they have been married only a few weeks, she hardly ever has a quiet hour with her husband. It's business from morning till night, and in the evening he only begs for peace and rest. So the other day she came down to dinner in a somber black frock.

"Why on earth, dear, are you wearing that frock?" asked Mr. Millyms, eying her gown with distaste. "Why, it's almost half mourning."

"Of course it's half mourning," replied the lady, with much mourning. "Don't you always say when you come home from the office that you are half dead?"—Exchange.

#### The Position of the Poles.

Both Peary and Amundsen made allowances in determining the sites of the poles. Their position is not perfectly constant, there being a counter-clockwise elliptical movement of something like a counter-clockwise circular movement of some twenty-six feet in diameter in a period of 428 days at the extreme axis of the earth. This change, however, is so slight as not to be reckoned in practical calculations. Peary and Amundsen made no guesses, but took several observations from various standpoints to determine conclusively that they had reached the poles.—Christian Herald.

#### Raising His Bluff.

She treading a list of names in a national subscription—Anonymous, 5 francs; we'll make people believe that's we. He: Oh, no, let's choose this one. "Anonymous 100 francs." She: That's too much. He: Nothing is too much, madame, in a national cause.—Pele Mele.

#### Why?

"Experience is a great teacher," said the old fox.

"Then why do some men get married four times?" asked the cheerful idiot.—Cincinnati Enquirer.

#### The Resemblance.

"Don't you think my husband looks like Napoleon?" asked the bride.

"Well, yes, a little," her former champion replied. "He's short and stout."—Chicago Record Herald.

#### POISONING BY TEA.

When the Cup That Cheers May Be-  
come a Menace to Health.

It is only in comparatively recent times that tea drinking has been at all prevalent in this country. Coffee is the national drink and is more largely consumed by far than any other beverage. But tea drinking is making great strides, the reason for which is not hard to find. The advantages of tea over coffee as a stimulating and cheering drink do not consist in a superiority of its component parts, but in the fact that a good tea can be more easily produced than a good coffee and that it is more easily made than coffee.

A very great deal of the virtue of coffee consists in the manner in which it is converted into a beverage, and seldom is the art carried out efficiently. Many of the concoctions which are sold as coffee in restaurants and consumed in private houses are not worthy of the name. On the other hand, tea is easily made, the chief point being that the water used for the infusion boils and that the infusion is drunk when fresh and not allowed to stand.

However, there are occasions, and these not infrequent, when tea drinking is harmful. Tea poisoning is a more or less common condition in those countries in which the habit of drinking tea is prevalent, as in England, for instance. Among the working classes the women often become addicted to the tea habit and not only drink to excess, sipping tea throughout the day, but drink it in such a state that the poisonous properties are most evident. The tea is in a steeved condition, the pot being kept on the stove the whole day. Men, too, who work at indoor trades and at trades which from their nature tend to create thirst often become excessive tea drinkers.—Medical Record.

#### Women in Politics.

As long ago as 1876 women were among the speakers at both Republican and Democratic national conventions, and in 1900 Mr. Bryan's nomination was seconded by a woman delegate from Utah. The first woman's suffrage convention was held at Seneca Falls, N. Y., in 1848. But the movement was by no means new even then. Abigail Adams and Mary Warren tried to secure recognition of women when the federal constitution was made and in colonial days Margaret Brent, as executrix of Lord Baltimore, demanded a seat in the assembly of Maryland.—Chicago News.

#### Why They Go Mad.

Harry Macdonald once made a whimsical remark after his return from one of his "polar expeditions."

"I didn't mind the cold so much," he said, "and the hardships were to be looked for as a part of the game. But what proved to be almost insupportable was the constant association, day and night, with the same men. They were all good fellows, too, and I liked them, but I got to know them too well. A man is like a music box. He can only play just so many times, and after you have heard them all over again and again you get deadly tired of them. I think that is why so many go mad on such trips."

#### The Word "Studio."

"Studio" is one of the many foreign words that have acclimated themselves in the English language. It is a recent import from Italy, unknown to Johnson's dictionary and apparently not occurring before the nineteenth century, but it has supplied a want. "Study," which is the real English for "studio," suggests a room for reading and writing, and "workroom" lacks distinctiveness. The French get along with "atelier," which literally means a place in which small planks are prepared—in other words, a carpenter's workshop.

#### An Old Time Sweet Perfume.

An ancient recipe for making a sweet perfume for the ladies runs as follows: Take storax, calamite and benjamin, of each half an ounce, ladanum one ounce, musk two grains, and put them together in a fair brass mortar, which you must first warm so hot in the fire that with the heat thereof and beating with a little pestle it may work like wax, which, being thoroughly wrought, you may make it in little cakes or balls and so lay it up.

### HOW NATURE REPAYS.

The Loss of One Sense Seems to Bring Added Power to the Others.

When the third question put to the girl who was tinting a customer's hair a fashionable shade elicited no reply the woman turned to the manager of the beauty shop and said: "What is the matter with that girl, anyhow? Is she deaf?"

"Very nearly," said the manager. "How does she hold her place?" said the woman. "It seems to me that a person employed in a place like this stands in need of her five senses."

"That is just what they do not need," was the reply. "If one sense is lacking the other four make up for the deficiency and become the more valuable because more acute. Your hairdresser cannot hear, but her sight is marvelous. She can detect a gray hair half a block away, and her gift for shading and matching colors amounts to real genius. No woman with all her faculties is so consummate an artist as she is in touching up a difficult head of hair. When you are ready for massage I shall bring you a blind girl. All her art is centered in her finger tips. She can find and smooth away wrinkles that less sensitive fingers would not discover. Another deaf girl in the establishment is particularly sensitive to scents and is invaluable in mixing and applying perfumes. The manager in a place of this kind needs her five senses and as many more as nature can provide, but for her assistants elimination and concentration are desirable."—New York Press.

### SWISS WRESTLERS.

Curious Contests in Which They Display Marvelous Strength.

Wrestling seems to be an international sport, but one of the most curious styles to be seen is probably that of the Swiss. There is generally an immense meeting of the wrestlers every year, called the "Swingfest," meaning literally the "festival of swinging," and to this festival come the mountain men from all parts of Switzerland.

It takes place in an immense arena, generally four or six couples wrestling at the same time, with stands around for the audience. The men who are wrestling each wear a pair of short knickers, very loosely worn, and made of some stout material, with a leather belt at the top to strap it on round the waist, over their costume, and the idea is to catch their opponents by these knickers and throw them. Both shoulders must touch the ground, and the men are not allowed to hold their opponents except by the knickers.

Of course it is mainly a question of brute strength, and on nearly all occasions the mountain men prove the better of the townsmen. Very often a man will throw his opponent clean over his shoulder through the air, and when one considers that this must be done only by gripping a piece of sailcloth or such like material in either hand, at the height of a man's loins, some idea can be gathered of the marvelous strength shown on these occasions.

### Value of Friendship in Business.

The salesman who was formerly intent on getting orders by means of the "happy days" system of cigars and drinks now courts the friendship of his customers on utilitarian lines. He tries to make suggestions that will be of use. He essays an idea or drops a piece of news intended to do the customer some good. Not infrequently an expert salesman will study the methods of a customer and even the methods in use in his establishment before approaching him, so as to be in a position to talk intelligently on his needs and perhaps spring a new idea that will attract attention. Then the customer is liable to be indebted to him in a friendly way, which is the better way of securing a man's business and holding it. —Hroif Wisby in Leslie's.

### A Misunderstood Toast.

Even a toast is liable to be misunderstood. Mr. Hackwood in his book "Good Cheer" refers to an anecdote preserved in Notes and Queries "which tells that during the short lived peace of Amiens (1802) the chairman at one of the city banquets proposed the toast of 'the health of the three present consuls,' which the toastmaster took up in his stentorian accents and by mistake or a happy inspiration translated into 'the health of the three per cent consols.' The company, we are told, honored the toast with great enthusiasm." —London Standard.

### A Different Kind.

Wife anxiously—I do wish you were in some other work, dear. I am in constant fear that you will touch a charged wire at the shop. Hub—Oh, the charged wire at the shop doesn't bother me. What I have more dread about is the charged account at the store.—Boston Transcript.

### Pretty Poor Candy.

"Mr. Spooner, I think I like you better than any o' the other fellers that come to our house."  
"Why so, Bobby?"  
"Cause when you give sister a box o' candy she always turns it over to me."—Chicago Tribune.

### Took Him at His Word.

head of the Greek church. The churches will retain their national rituals and languages.

The extension of Serbia through Bosnia to the Adriatic Sea will form a part of the scheme which Austria intends strongly to resist, says the Outlook, which adds that the Balkan diplomats in London declare their object is the Balkans for the Balkan peoples, and in case of victory the demands which will be included in a note to Turkey will be their minimum requirements. They will not sit in the ante-room while the powers allot the spoils nor will they accept any temporary patching up of near eastern problems.

### Situation at Adrianople Unchanged.

Sofia, Oct. 25.—The situation before Adrianople is unchanged. In the fighting at Yurku the Turks are reported to have lost about 300 men killed and 500 taken prisoners and in addition had taken from them three quick firing guns and twelve ammunition wagons. At Kirdchali 40 miles west of Mustapha Pasha the Bulgarians seized a depot containing 1,600,000 cartridges, forty cases of shells and large stores of food.

In the Razlog district the Bulgarians are masters of the upper reaches of the Mesta river, in this district near Mahemia, a Turkish infantry regiment has been annihilated and a battalion of Turkish regulars and irregulars is surrounded in the town by Bulgarian troops. Refugees Pour Into Constantinople.

Constantinople, Oct. 25.—The Sultan today had an audience of the minister of war and the minister of works on the occasion of their departure for the front. The departure of the foreign military attaches for the seat of war again has been postponed this time to next Monday. Tramway service in Constantinople.

A despatch from Adrianople, timed 3 o'clock this afternoon reports that all is tranquil there and says no firing has taken place since yesterday.

Pathetic scenes are being witnessed at the Constantinople tramway station where daily there is an influx of aged refugees and children from frontier villages.

All have a bewildered look and carry bundles containing their only belongings. Four thousand refugees from Adrianople and Kirk-Kilisli arrived here today.

### Report Not Authentic.

Vienna, Oct. 25.—The newspapers here publish reports that the Bulgarians already are in possession of the Adrianople railway station and have repulsed another Turkish attempt at a sortie from this city. They add that fresh Bulgarian columns have arrived and are now completing the investment of Adrianople.

### Adrianople Reported Burning.

Sofia, Oct. 26.—The Bulgarian troops are reported to have begun a bombardment of Adrianople. A portion of the town is said to be burning.

The series of attacks on Kirk-Kilisli began in the bright moonlight. General Savoff, commander in chief of the Bulgarian army, gave peremptory instructions to General Dimitrieff that the fortress must be taken Thursday morning. The order recalled the Russian emperor's famous command, "let Plevna be taken."

Throughout the night successive Turkish positions were stormed at the point of the bayonet and before 10 o'clock in the morning the situation of the defenders became desperate.

Mahmoud Mukhtar Pasha, commander of the Turkish forces, and Prince Abdul Halim and others of the Turkish superior officers with a portion of the garrison already had succeeded in escaping in the direction of Bunarhisar.

In an hour the remnant of the garrison remaining surrendered. The Bulgarian losses are estimated at 5,000 men killed or wounded. All the Turkish dead and wounded were left on the field.

THE HOT STORM

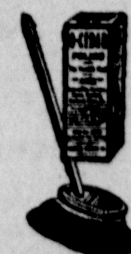

—the stove with a "little furnace" in it

Is the happy combination of both methods. It heats by radiation—from every inch of its great surface; it warms the floor—just as efficiently as a Base Burner; and it circulates continuously a wonderful volume of pure and intensely heated air. "A Parlor Heating Plant," it has been termed—and the phrase fits it exactly. It works like a furnace, because it's built like one, heating all the rooms of a house—upstairs and downstairs—just as efficiently as a furnace.

And now note carefully this fact—no extra fuel is required to feed the Little Furnace. The hot air which it distributes is that which in the ordi-stove is shot up the chimney and wasted. The volume of this hot air has been proven by careful tests to be from 50 to 75 per cent. of all the heat generated from the coal.

**INFANTILE PARALYSIS REPORTED.** Wheaton, Ill., Oct. 25.—Four cases of infantile paralysis here are recovering, according to reports made today and no new cases have been discovered. State officials are in charge of a dairy placed under ban by the state board of health.

**DILLON THE BEST MAN.** Indianapolis, Ind., Oct. 25.—The gameness of "Battling" Connors of Pittsburgh and his ability to absorb punishment kept him in the fight with Jack Dillon for seven rounds tonight. At the end of the seventh Dillon found the former Pittsburgh policeman's jaw with a left hook, which ended the fight.

**SPEAKS OF TAFT'S AID TO FARMERS**

Wickersham in His Address—Makes It Plain as to Reason Why Perkins Favors Roosevelt—Points to Permanent Help Given Rural Communities.

Chillicothe, Ohio, Oct. 25.—A general defense of the Taft administration was made here tonight by Attorney General Wickersham to a large audience in the Masonic Temple. In the course of his speech Mr. Wickersham said that the country life commission established by Colonel Roosevelt was fanatical and sensational and claimed that President Taft had done more for the permanent betterment of the farmers than twenty such commissions could accomplish.

Attorney General Wickersham said in part:

"President Taft has stood firmly for the people against special interests. He has enforced the laws against the trusts and monopolies as they have never been enforced. He has known no favorites in this enforcement. He has turned a deaf ear to the blandishment of the Perkinses, the threats of the Hannas the steel kings and the sorrowing reproach of friends and bravely and unflinchingly enforced the laws as the people have enacted them."

Mr. Wickersham will complete his four days tour of Ohio with a speech at Circleville, tomorrow.

**FARMERS ORGANIZE CLUB.**

Men Living Near Chapin Are to Meet Semi-monthly and Talk About Agriculture.

Farmers living in the vicinity of Chapin have formed a club there and will hold meetings twice each month during this winter and discuss matters of mutual interest. C. E. Drake has been elected president. W. T. Cowdin secretary and treasurer and the program committee consists of Harold P. Joy and H. O. Smith. The first regular meeting will be held Thursday, Nov. 7, at Chapin when the subject to be discussed will be "The Cost of a Bushel of Corn." The idea of organizing in this way is certainly excellent and the exchange of experiences is sure to be helpful to all the farmers belonging to the club.

## ROYAL Baking Powder Absolutely Pure

There is a remarkable interest in Home Baking and Cooking throughout the land.

This is a most encouraging indication that the battle against impure, improper food is going to be won.

The credit for the victory will belong to the women of the country.

Home cooking has the backing of science and the approval of fashion. It adds to housekeeping a pride; to our food, healthfulness.

It is acknowledged by experts, and by the women who know, that the best cooking in the world to-day is with the aid of Royal Baking Powder.

### LIBRARY CONFERENCE HELD IN ST. LOUIS

Missouri and Illinois Associations Hold Joint Convention — Miss Webber on Program.

Miss Weber and Miss Carlson of the Public Library are in St. Louis attending a joint session of the Missouri Library association and the Illinois Library association. For the former it is the thirteenth and for the latter the seventeenth. At the first session the address of welcome was delivered by Dr. A. E. Bostwick of St. Louis and the response was given by J. C. Hanson of Chicago. Among addresses given the first day were "How the American Library Association Can Help," by George B. Utley, and "Shakespeare's Response to What the Public Wants," by Dr. John L. Lowes, St. Louis. Miss Webber had a part in the Friday program given before the reference section.

The program Friday was in part as follows: Address, "The Work of Municipal Reference Libraries"—Mr. Charles Homer Talbot, Municipal Reference Librarian, Kansas City.

Discussion led by Mr. Jesse Cunningham, Librarian of the Rolla School of Mines, and A. L. Bostwick, Municipal Reference Librarian, St. Louis.

Library Legislation—10:30. Program in charge of Miss Eugenia Allin of Illinois and Miss Elizabeth B. Wales of Missouri.

Address, "The Ideal Library Law"—Mr. Samuel S. Greeley of Winnetka, Ill.

Discussion led by Miss Mary E. Ahern and Mr. Purd B. Wright.

Friday afternoon the reference, trustees and children's sections all had private conferences. Addresses given by James L. O'Donnell of Joliet; Mr. Percival Chubb of St. Louis. In the evening an address was given by Henry E. Legler.

Today the separate sessions of each association will be held at 9:15 o'clock and at 10:30 o'clock a book symposium will be held and five minute talks will be given on recent books. A round table discussion will come later and then the convention will adjourn.

### FINAL SPECIAL TAX NOTICE.

In the matter of the special tax of the city of Jacksonville for the construction of a brick pavement on Franklin street.

Notice is hereby given to all persons interested that the board of local improvements of said city has heretofore filed in the county court of Morgan county, Illinois, in said cause a certificate showing the cost of the work, the amount reserved for interest, and also that the improvement has been constructed in substantial conformity to the requirements of the original ordinance therefor.

The hearing to consider and determine whether or not the facts as stated in said certificate are true will be held in said court on the 8th day of November, A. D. 1912, at 9 o'clock or as soon thereafter as the business of the court will permit.

All persons desiring may file objections in said court before said day and may appear on the hearing and make their defense.

### WILL GIVE EVEN MONEY THAT JURY SETS HIM FREE

Chicago, Oct. 25.—James O'Leary stock yards saloonkeeper whose odds on sporting events frequently are quoted locally when arraigned in court on a charge of gambling on the presidential election offered to bet that the jury would set him free.

O'Leary was arrested yesterday charged with distributing hand bills with his odds on the election. He asked for a jury trial.

"I don't doubt that you would try me fairly, judge," he said to Judge Newcomb, "but I'd rather have twelve men do it. Its even money they set me free."

### NOTICE BY PUBLICATION.

### CHURCH BAZAAR AT RIGGSTON

Good Ladies of Riggston M. E. Church Hold Successful Bazaar and Luncheon.

The M. E. church at Riggston was the scene yesterday afternoon of a most enjoyable and profitable social, bazaar and luncheon which was managed primarily by the ladies aid of that church. Rev. Mr. Mitchell, the recently appointed minister of the Riggston circuit was present and helped the ladies in their work. A goodly crowd was present all afternoon and at night many came from Winchester and the surrounding country. The affair was very successful financially and the ladies' aid are to be congratulated on their profitable venture. Mrs. R. T. G. Coultas, president of the aid, was in general charge and to her is due much credit for its success. Attractively decorated booths in which were sold cakes, sandwiches, cigars, handkerchiefs and other handy-work of the ladies of the church were fixed within the church and were in charge of the following ladies: First booth—Mrs. Elmer McCullough, Mrs. Henry Vortman, Mrs. Andrew Funk and Miss Maude Chrisman.

Those in charge of the cake were—Mrs. Abe McCullough, and Mrs. Lewis Kutherford.

At the sandwich stand were Mrs. Mac Young and Mrs. H. B. Gibbs.

Oyster soup, coffee, sandwiches, ice cream and cake were also served. Mrs. Garland Overton and Mrs. Edward Chrisman attended the making of the soup and coffee.

Messrs. R. P. Allan, H. B. Gibbs, Arbe McCullough, and William Richardson acted as collectors.

Mrs. Newton Peters, Mrs. Ed. Leach, Mrs. Taylor, and Miss Naomi Lane, assisted by other members of the aid, helped in serving and making the whole affair a success.

### OLD ESTATE MATTERS BROUGHT TO CLOSE

Judge Doocy as Master in Chancery Sold Eight Illinois Farms in Military Tract.

Judge Edward Doocy of Pittsfield, master in chancery of Pike county, has recently sold a number of farms in the military tract of Illinois in closing up the estate of Romulus Riggs. The land sales totaled \$105,741.

At the April term, A. D. 1912, of the circuit court of Pike county, Illinois, a bill was filed for the partition of certain lands in several different counties. This was a remnant of the estate of Romulus Riggs, deceased, who died in Philadelphia in 1846, and who was considered a very wealthy man at that time. He was the owner of the Riggs house in Washington, D. C. He owned a great deal of valuable property in and around Philadelphia, and among other items in the inventory of his estate was 283 quarter sections of land in the Military tract of Illinois. The Military tract of Illinois is a tract of land lying between the Illinois and Mississippi rivers, commencing at the point of Calhoun county and running north to the northern boundary line of Bureau county. This land was appropriated by an act of congress in 1818 and was set aside for the soldiers of the war of 1812, and if dead, their heirs were entitled to a land warrant. Many of these land warrants were held by the original soldiers or their heirs, but the most of them were sold for a small amount to speculators and upon these warrants a government patent was issued.

**Settlers Bought Patents.**  
Many lands in that part of Illinois were taken up by actual settlers and improved and cultivated and after a few years they were compelled to surrender possession to the man who came along with the government patent or were compelled to buy the government patent in order to keep their possessions. A bill in partition was filed in the circuit court of Adams county in 1854, and the 283 quarter sections of land in the Military tract belonging to the Riggs estate were divided among 9 heirs; a certain number of quarter sections were set off to each one. The partition suit in Pike county, Illinois, was had in order to clear up the remnant of one of these divisions.

**Heirs in Illinois.**  
A certain number of quarter sections were given in fee-simple to a daughter named Illinois Riggs, and a certain number of other quarter sections were given to her for and during her lifetime. The heirs disposed of all of their holdings in fee-simple, but the land which was given to her for and during her lifetime could not be sold until after her death. She died in May, 1911; she, in the meantime, had married a man by the name of Graff. She had two children, Charles F. Graff and Netta

R. Graff, who married one, Major W. F. Gilder, who lives in Vineland, N. J. The daughter, Netta R. Graff Gilder, died, leaving no child her surviving. Charles F. Graff, the son, lives in Philadelphia. A bill was filed in Pike county circuit court because two of the quarter sections were in Pike county, Illinois, and one each in Hancock, Warren, Mercer, Stark, Fulton and Brown, and a decree was taken to sell all the lands, and under the will of Romulus Riggs, and the will of Netta R. Gilder, the money was to be divided equally, and one-half went to Charles F. Graff, and the other one-half was disposed of as follows: One-fourth was paid to Major W. F. Gilder absolute, and the other three-fourths was placed with a loan and trust company and Major W. F. Gilder is to receive the interest from the same as long as he lives, when the balance will go to Charles F. Graff, or his heirs.

**Attorneys Traveled in Autos.**  
Judge Edward Doocy, master in chancery of Pike county, Illinois, was authorized by the decree to sell these lands and made a tour of the counties selling them. The eight quarter sections brought \$105,741.00. The master in chancery with a party made the tour in automobiles, and was accompanied by Hon. Stuart Brown of the firm of Brown & Hay of Springfield, Illinois, who represented Charles F. Graff, by Major W. F. Gilder, one of the parties, and Mr. William C. Miller, his attorney from Milville, N. J., and Mr. Ray N. Anderson of the firm of Anderson & Matthews of Pittsfield, who also represented Major W. F. Gilder. These lands have been rented for more than fifty years, and the improvements were very poor. The highest price for the land sold was the land in Warren county which brought \$150 per acre, and the cheapest sold was a timber tract in Mercer county, three miles from Aledo, the county seat, which brought \$68.50 per acre.

### TO MEET NEXT YEAR AT WHITE HALL

Members of the Western Illinois District Medical Society Hold Annual Session With Interesting Program.

Members from eleven counties participated in the exercises of the Western Illinois District Medical society which convened here Friday. It was the annual gathering of the society and the program given was interesting throughout. Clinics were held at Passavant hospital from 9:30 till 12 o'clock under the direction of Dr. A. L. Adams, Dr. W. P. Duncan and Dr. Carl E. Black. The clinic at Our Saviour's hospital was conducted by Dr. J. W. Hairgrove.

The afternoon's program was held in the medical library room at the Public library, with Dr. W. E. Shastid of Pittsfield presiding. The speakers included two from Jacksonville. Dr. F. A. Norris spoke on "The Surgery of Dysmenorrhea," and Dr. Carl E. Black on "Items of Interest to the Sixth Council District." Dr. Black is a counselor of this district. Other instructive papers were: "The Serum Treatment with Special Reference to Tubercula," by Dr. Melinda K. German of Quincy, and "Polymyositis, with a report of four cases occurring in Adults," by Dr. Frank P. Norbury of Springfield.

The society took dinner at the Pacific hotel and part of the business transacted was the choosing of White Hall as the meeting place for next year.

The following were the officers chosen:  
President—Dr. H. W. Chapman, White Hall.

First Vice President—Dr. Melinda K. German, Quincy.

Second Vice President—Dr. L. J. Harvey of Griggsville.

Secretary and Treasurer—Dr. W. P. Duncan, Jacksonville.

Board of Censors for ensuing year—Dr. L. H. A. Nickerson, Quincy; Dr. E. L. Crouch, Jacksonville; Dr. T. J. Pitner, Jacksonville.

### His Stomach Troubles Over.

Mr. Dyspeptic, would you not like to feel that your stomach troubles were over, that you could eat any kind of food you desired without injury? That may seem so unlikely to you that you do not even hope for an ending of your trouble, but permit us to assure you that it is not altogether impossible. If others can be cured permanently, and thousands have been, why not you? John R. Barker, of Battle Creek, Mich., is one of them. He says, "I was troubled with heartburn, indigestion, and liver complaint until I used Chamberlain's Tablets, then my trouble was over. Sold by all dealers."

### DEBATE SUBJECT OF WOMAN'S SUFFRAGE

Interesting Program Given by Members of South Side Circle—Affirmative Wins in Debate.

One of the best programs in the history of the South Side circle was rendered at the home of Mrs. J. W. Sperry, Friday afternoon, when the ladies debated the suffrage question. For some time the debaters have been working on the question and their preparation was thorough, from the arguments presented. The affirmative side was upheld by Mrs. Ollie Parker, leader, with Mrs. W. O. Wait and Mrs. Herman Weber as responsible, and the negative side, Mrs. Edward F. Leonard, leader; responsible, Mrs. C. E. Carpenter and Mrs. Julian Hall. The president of the society, Mrs. Tom Buckthorpe, presided over the debate and each speaker was allowed so many minutes in which to speak. The judges were Mrs. Walter Goltra, Mrs. William Winchester and Miss May Martin. They gave the decision to the affirmative side and the house voted the same way. There were four members present who were against woman's suffrage and there were four present "on the fence." All declared that they did not know that there was so much valuable help to be derived from such a meeting. The hostess served delightful refreshments. The society will meet next time with Mrs. W. T. McIntyre. The subject will be "The Political Outlook," with Mrs. J. W. Follansbee as leader.

### ASBURY REVIVAL.

The revival meetings at Asbury church have been well attended every night and the congregation Friday night was unusually large, also the meeting Friday afternoon, the song service being under the leadership of George Beekman of Pisgah. There will be no services Saturday night on account of the pastor's absence, who has an engagement to fill at Arenzville. There will be no services Sunday morning but at 2 p. m. there will be Sunday school and at 7:30 p. m. preaching. Services will probably be held all this week at Asbury church, under the leadership of Rev. Hy S. Alkire.

### FILED SUIT.

### FIRST POLISH COLLEGE TO BE DEDICATED.

Cambridge Springs, Pa., Oct. 25.—Preparations are completed for the dedication, here tomorrow, of the Polish National Alliance college, the first college of the Polish National Alliance established in the United States. Thousands of visitors from all parts of the United States and Canada are expected to attend the dedication exercises tomorrow and

President Taft will be the guest of honor and the principal speaker at the great Polish-American demonstration which has been planned for this memorable occasion. The Polish National Alliance in this county has a total membership of more than 100,000 and branches in many states. The college to be dedicated here tomorrow is non-sectarian in its character and will be maintained by the united effort of the thousands of members of the Polish National Alliance.

### TO FIGHT FOR WERTZ FAMILY FORTUNE.

Harrisburg, Pa., Oct. 25.—A little old Wertz homestead near this city, founded by Jacob Wertz, head of the American branch of the family, in the eighteenth century, a reunion of the American descendants of Jacob Wertz, who are incorporated under the name of the American Wertz Family association, was held today, for the principal purpose of raising money with which to carry on the fight for the recovery of the estate of Paul Wertz, estimated at \$185,000,000. Paul Wertz was an imperialist field marshal of the seventeenth century and left an enormous estate which the heirs will make an effort to recover by appealing to the highest courts of Germany, Austria and the Netherlands.

### UNIVERSITY NOT CONFIDENT.

Lawrence, Kans., Oct. 25.—On the eve of the game with the Kansas Aggies, the Kansas university football team is not as confident of victory as it might be.

Announcement today that neither Thatcher nor Steuwe will be in the game, cast gloom over the university rooters.

Open formations will be used according to the coaches who say this is the only chance Kansas has to defeat the heavier team.

Mr. and Mrs. J. W. Sargent, Mr. and Mrs. S. Swanson, Mrs. A. Colby and daughter, Miss Olive, and Mrs. C. A. Sandberg.

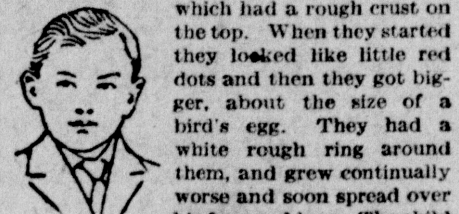

### THE BIRTH RECORD.

Born, Friday, to Mr. and Mrs. William Walbaum, near Antioch, a son.

### RINGWORM IN RED SPOTS ON FACE

Rough Crust on Top. Continually Worse. Spread Over Face and Legs. Terrible Itching and Burning. Cuticura Soap and Ointment Cured Completely.

Stratford, Iowa.—"Three years ago this winter my seven year old son had ringworm on the face. First it was in small red spots which had a rough crust on the top. When they started they looked like little red dots and then they got bigger, about the size of a bird's egg. They had a white rough ring around them, and grew continually worse and soon spread over his face and legs. The child suffered terrible itching and burning, so that he could not sleep nights. He scratched them and they looked fearful. He was cross when he had them. We used several bottles of liniment, but nothing helped. I saw where a child had a rash on the face and was cured by Cuticura Soap and Ointment and I decided to use them. I used Cuticura Soap and Ointment about one month, and they cured my child completely. I cannot be thankful enough for it is terrible if a child's face is all broken out as ours was." (Signed) Mrs. Barbara Frim, Jan. 30, 1912.

Cuticura Soap is best for skin and hair because of its extreme purity, delicate yet effective medication, and refreshing fragrance. It wears to a wafer and gives comfort and satisfaction every moment of its use, for toilet, bath and nursery. Cuticura Soap and Ointment are sold everywhere. Sample of each free, with 32-p. Skin Book. Address post-card "Cuticura, Dept. T. Boston." \*\*Tender-faced men should use Cuticura Soap Shaving Stick, 25c. Sample free.

## MORTUARY

**Capps.**  
The funeral services for Miss Elizabeth Capps were held at 2 o'clock Friday afternoon at the home of the parents of the deceased, Mr. and Mrs. Charles C. Capps, 252 Park street.

The services were conducted by Rev. J. W. Miller, pastor of Grace church, assisted by Dr. J. R. Harker, president of the Illinois Woman's College. The pastor read selections from holy writ and spoke words of comfort to the bereaved family and relatives.

Dr. Harker spoke of the life and character of the deceased, who was at one time his private secretary at the college, and she was to him almost like a daughter. He spoke of her death as a personal loss to him and his family. She was zealous in her duties and loyal to the work in which she was engaged. Miss Katherine Rogerson sang in an impressive manner, "Oh Love That Will Not Let Me Go."

There were many beautiful floral tributes which were lovingly cared for by Mrs. A. T. Capps, Mrs. W. T. Capps, Mrs. H. M. Capps and Miss Louise Capps.

The bearers were Joseph L. Harry M. T. James G., Alfred T. and Herbert J. Capps, all nearly related to the deceased.

Interment was in Diamond Grove cemetery.

## FARMERS INSTITUTE MEETS AT WAVERLY

**Morgan County Farmers Gather for Conference—Soil Fertility and Alfalfa Among Themes Discussed Friday.**

The annual Morgan County Farmers institute opened at Waverly Friday morning and three sessions were held during the day. The program proper was carried out at the opera house and the address by Mrs. M. M. Banks on "Domestic Science," was given at one of the churches. The exhibits are fine and are on display in a storeroom on the south side of the square.

The morning program opened at 9:30 o'clock with a musical number and after the invocation President Scott made a short address. Then Lindsey Reece of Pama gave a lecture on "Alfalfa." He pointed out the great value of this crop in the returns and in the soil fertility obtained through it. He told of the experiences of farmers in various parts of Illinois.

In the afternoon after a musical number Mr. Reece discussed "Soil Fertility and Permanent Agriculture." The speaker emphasized the necessity for crop rotation and laid great stress on the use of clover. Nothing else he pointed out can take the place of clover in restoring fertility to the soil.

"Farm Sewage Disposal" was the theme announced for K. J. T. Ekblaw of the University of Illinois and he offered numerous suggestions of value to farmers. General discussion followed all of the addresses.

In the afternoon Mrs. Banks talked on "The Science of Eating" and at night Dr. E. B. Rogers of Springfield gave a splendid address on "The Object of Education, Not a Living, But a Life." An interesting program has been arranged for today and the awards on exhibits will be made today.

**THOUSANDS MURDERED IN CHICAGO EVERY YEAR**  
Chicago, Oct. 25.—More than a thousand babies disappear in Chicago each year.

This was one of the disclosures made today in the reports read at the annual meeting of the juvenile protective association. Mrs. Gertrude H. Britton, superintendent of the league, declared that hundreds of babies were murdered every year, and that the number of children born out of wedlock here was large and that a large proportion of such babies were of wealthy parents.

"A shawl to carry the baby away in is all that anyone needs to get a baby from some hospital," she said, in urging more stringent registration of births as a measure of protection to babies.

Your best interests in the clothing line will be found at Knoles.

**SCARCITY OF LEATHER.**  
Chicago, Oct. 25.—Another increase in the price of shoes, owing to the scarcity of leather was predicted at the fourth annual conference of the American association of tanners here today, unless more cattle are raised by farmers.

John E. Wilder of Chicago was elected president for the ensuing year.

Other officers chosen were: Vice-president—H. Frederick Lesh, Boston. Secretary—V. A. Wallin, Grand Rapids, Wis. Treasurer—Henry Wahl, Boston.

**ANOTHER SHIPMENT OF NAVY SERGE WORSTED SUITS IN ALL SIZES AT HERMAN'S.**

**KINSELLA WOULD RENT CARDS.**  
St. Louis, Mo., Oct. 25.—An offer to rent the St. Louis National league baseball team next season for \$100,000 was made today by Richard Kinsella, scout for the team and former owner of the Springfield Three-Eye league team. Kinsella said that he could make a profitable surplus over the outlay if the team would be farmed to him for that sum. Kinsella said the money was ready as soon as Mrs. Helen Hathaway Britton, present owner of the team, would sign the necessary papers.

**ARRANGE 1913 SCHEDULES.**  
Chicago, Oct. 25.—Baseball and basketball schedules for the coming seasons were arranged here tonight at a conference between representatives of Lake Forest university, Knox college, Monmouth college, Armour institute and Beloit college. Lake Forest will get the annual field day, May 24. The track meet program will be taken up at a later session. The basketball season opens Jan. 17 and ends March 1. Baseball begins April 25 and ends May 31.

**GROWD BURNS FENCE.**  
Cumming, Ga., Oct. 25.—Determined that they should witness the execution of two negroes whose crime of assaulting and killing a white woman, began serious race trouble here several weeks ago, a mob of citizens early today burned a high fence, authorities had erected to obstruct the view of the executions. Dealers refused to sell more lumber for another fence, and as a result 2,000 persons today saw Ernest Knox and Oscar Daniels drop to their deaths. State guardsmen from Atlanta prevented any disturbance that might have occurred. Knox confessed his part in the crime, but Daniels maintained his innocence.

## HALLOWEEN PARTY.

**Miss Evaline Petefish of Litterberry Entertains Friends.**

Miss Evaline Petefish entertained a number of her friends at a Halloween party, Friday evening at her home in Litterberry. The decorations were in keeping with the event, owls, witches, Jack-o-lanterns and all sorts of spooky things were used in the various rooms. A clay modeling contest afforded much amusement and the prize was won by the group composed of Annabel Crum, Warren Daniels, Katherine Petefish and Earl Myers.

A fine two course luncheon was served, after which a musical contest was held. The fortune teller's booth, with Miss Lora Petefish in charge, was one of the popular places of the evening. There was a large number present, among them being: Miss Louise Angler of Virginia, Miss Daisy Litter and Homer Lewis of Ashland, Lloyd Siebert and Miss Grace Wheeler of Jacksonville.

**TEARS OF ROOSEVELT'S DECEIT.**

Eau Claire, Wis., Oct. 25.—In his address here tonight and at Chippewa Falls this afternoon Senator LaFollette declared that he would not vote for any presidential candidate.

"I was made the victim of a conspiracy which urged me to become a candidate," had Roosevelt in mind, I will put evidence of this in history where every man can see it."

He told of Pinchot's withdrawal of support, stating that such action was taken because he could not agree to Roosevelt's plan to place a LaFollette and a Roosevelt delegate in each congressional district, while Roosevelt made a stalking horse of him.

**WILL BE SHOT TODAY.**

Vera Cruz, Mexico, Oct. 25.—The court martial of General Felix Diaz began at five o'clock this afternoon. The execution of Senors Lima and Migoni, two of his officers, has been fixed for tomorrow morning. It is probable that General Diaz will be shot at the same time. The remaining officers of the Diaz revolt will receive sentences of imprisonment.

**Received Death Sentence.**

Mexico City, Oct. 25.—Extra editions of the newspapers late tonight gave the report that General Felix Diaz, the leader of the recent revolt at Vera Cruz, had been sentenced to death by a court martial.

The story was received with doubt by a large part of the public who were reluctant to believe that the commandant of the federal forces at Vera Cruz had ignored the order of the federal judge of the first district court here removing Diaz from the jurisdiction of the military court.

**LAD RUNS FAST QUARTER.**

Madison, Wis., Oct. 25.—Vernon Johnson of Virginia, Minn., tall, slender and youthful, today became a factor on the University of Wisconsin track team when without training he ran a practice quarter mile in :54 4-5.

MARGARET ANGLIN'S LEADING MAN.

Among the clever actors supporting Margaret Anglin in "Green Stockings" is Stanley Dark. He has the important part of Colonel Sattle who causes all the trouble for poor Celia Faraday.

Although Mr. Dark has been well and favorably known on the American stage for several years, he is by birth an Englishman, born in London. He comes of a family of artists and literateurs. His father was a distinguished essayist and editor and a great uncle was one of England's most notable war correspondents during her war with Russia in the fifties—known as the Crimean war. Miss Anglin and her excellent company will appear at the Grand in "Green Stockings" Monday next.

DEFEATED IN FAST GAME BY SCORE OF 13 TO 0.

Decatur Eleven Score in Second and Fourth Quarters—Use Forward Pass More Cleverly Than Locals—Second Team Goes to Greenfield Today.

Coach Harmon and the Illinois college eleven went to Decatur Friday where they met defeat at the hands of James Millikin university by a score of 13 to 0. Both teams appeared in good form and the struggle was witnessed by a large crowd. Millikin showed greater ability in handling the forward pass, which accounts for their score. Illinois did not appear equal to the occasion of breaking up this play. Millikin scored in the second and fourth quarters. The forward pass would be used freely until the oval was worked close to goal when the J. M. U. men carried the ball over by short line plunges. The first quarter was mostly a punting contest and the same tactics were resorted to in the third quarter. Aside from the successful use of the forward passes, both teams appeared to be quite evenly matched in other points of the game.

The following was the line-up: Illinois. Position. J. M. U. Karch ..... Re. .... Long Ross (Capt.) ..... G. and C. Edick Holmes ..... Rg. .... Dovall Tandy ..... C. .... Hessler Lukeman ..... Ig. .... Munch Kingsley ..... R. .... Campbell Pierce ..... Le. Evans (Capt.) Stewart ..... qb. Lichenberger Sorrells ..... Rh. Holcomb Jaccard ..... Rh. Smith Alford ..... Rh. Hemple Officials—Roblee (Michigan); umpire, Merriman (Springfield); headlinesman, Coach Muhl (Wesleyan). Robbins Russel was a substitute for Kingsley. McLaughlin for Pierce and Darragh for Alford in Illinois line-up.

Second Team to Greenfield. The second Illinois college team will go to Greenfield this afternoon where they will meet the high school eleven of that place. Greenfield has a fast bunch of players this season. Last Saturday they cleared up on Pittsfield by a score of 4 to 7. The second team men, however, believe with a fair deal as to officials, can hold the sturdy field fellows down, so the game promises to be an exciting one. Capt. Ross of the first team will accompany the second team. The line-up will be as follows:

Left end—Pierce. Left tackle—R. Russel. Left guard—Berry. Center—Berryman. Right guard—S. Russel. Right tackle—Blacketter. Right end—Kline. Quarter back—Gary. Left half—Furr. Right half—Dugger. Full back—Hunziker. Substitutes—Dikis and Butler.

NEARLY 500 TO CHICAGO. The Chicago & Alton excursion to Chicago proved quite popular, over 400 tickets being sold this (Saturday) morning with many more yet to go, the entire will be close to the five hundred mark. Usually the excursion draws about 250, but this is the first low rate since this time last year, so many are availing themselves of the opportunity.

BIRTHDAY SURPRISE.

J. B. Corrington Reaches Fifty-third Milestone of Life.

J. B. Corrington of Alexander was given a happy surprise Friday evening on the occasion of his fifty-third birthday. The surprise was planned and cleverly executed by his daughter, Miss Mayme Corrington. The father had been away from home during the day and when he returned he was indeed taken back to know that his home had been captured by a company of relatives and friends. He soon took in the situation and joined heartily in the fun of the evening. The house was decorated in Halloween emblems of pumpkins, faces, witches, etc., the colors of green and yellow being carried out throughout the various rooms. At 6 o'clock an elaborate supper was served and it is needless to say that the evening was pleasantly spent in a social way with music and singing as part of the program. Mr. Corrington was presented a brass smoking set by the guests and extended every good wish.

Among the guests present were Mr. and Mrs. Joshua Hubbs of Prentice, Dr. L. W. Fulton and son, John Reid and son John, Mrs. Margaret Colwell, Kathryn H. Kaiser of Alexander and Mrs. Robert Thompson and two sons of Oklahoma City, Okla.

APPROPRIATE HALF MILLION.

New York, Oct. 25.—More than half a million dollars was appropriated by the general educational board today toward the financial aid of colleges in central and southern states, and for the first time, toward agricultural demonstration work on farms in Northern states.

Of \$445,000 voted to educational institutions the largest sum goes to Baker university of Baldwin, Kansas, which will receive \$125,000.

A Careful Patient.

A woman whose throat had troubled her for a long time, says a writer in the Philadelphia Ledger, grew impatient at the slow progress she was making and made complaint to her doctor, who said:

"Madam, I can never cure you of this throat trouble unless you stop talking and give your throat a complete rest."

"But, doctor," objected the patient, "I'm very careful what I say. I never use harsh language or anything of that kind."

STRIKE BREAKERS ATTACKED.

Washington, Oct. 25.—Violence for the first time marked the waiters' strike here tonight when several strikebreakers were attacked and injured by pickets.

BIG DAY AT EMPORIUM SALE.

Friday was the opening day of the Emporium's quilt business sale and customers thronged the establishment all day. At times it was necessary to lock the doors in order to keep from overcrowding and to make it possible for the salespeople to give customers proper attention. A vast amount of merchandise was sold, but the day's business hardly made an impression on the immense stock.

Try a suit at Knoles, an overcoat, a hat, cap, mitts and be satisfied.
